## FactoryTalk<sup>®</sup> Historian Site Edition Basic System Deployment

### *Course Purpose*

This course is a skill-building course that provides you with the skills necessary to deploy a basic FactoryTalk Historian Site Edition (SE) system.

You will be provided with an overview of FactoryTalk Historian SE software and its capabilities before learning how to set up a basic FactoryTalk Historian SE system. Upon completion of the course, you will have received exposure to the many aspects of the FactoryTalk Historian SE system and be able to install, perform basic configuration, and work with a basic FactoryTalk Historian SE system.

### *Who Should Attend*

Individuals who want an overview of FactoryTalk Historian SE capabilities and need to build a basic FactoryTalk Historian SE system should attend this course.

LISTEN. THINK. SOLVE.<sup>SM</sup>

Automation**

# COURSE DESCRIPTION

## FactoryTalk<sup>®</sup> Historian Site Edition Software

### **Prerequisites**

To successfully complete this course, working familiarity with the Microsoft<sup>®</sup> Windows environment is required.

### **Student Materials**

To enhance and facilitate your learning experience, the following materials are provided as part of the course package:

- *Student Manual*, which contains the key concepts, definitions, and examples presented in the course and includes the hands-on exercises.

### **Hands-On Practice**

Throughout this course, you will have the opportunity to practice the skills you have learned through a variety of hands-on exercises. These exercises focus on the skills introduced in each lesson.

### **Next Learning Level**

The skills covered in this course can help you prepare for other FactoryTalk Historian SE training courses. One such course is *FactoryTalk Historian Site Edition Advanced System Deployment*, which focuses on creating more complex FactoryTalk Historian systems.

### **Course Length**

This is a 3.5 day course.

### **IACET CEUs**

CEUs Awarded: 2.5

### **To Register**

To register for this or any other Rockwell Automation training course, contact your local authorized Allen-Bradley Distributor or your local Sales/Support office for a complete listing of courses, descriptions, prices, and schedules.

You can also access course information via the Web at <http://www.rockwellautomation.com/training>
